24. ADDITIONAL INFORMATION					
For all applications: I certify that to the best of my knowledge, all the information on this form is true and correct, and that it conforms to the instructions accompanying this form and the Export Administration Regulations. For license applications: I certify or agree, as appropriate, that (a) to the best of my knowledge all statements in this application, including the description of the commodities, software or technology and their end-uses, and any documents submitted in support of this application are correct and complete and that they fully and accurately disclose all the terms and other facts of the transaction; (b) I will retain records pertaining to this transaction in accordance with the requirements of the Export Administration Regulations; (c) I will report promptly to the Bureau of Export Administration any material changes in the terms of the order or other facts or information of the transaction; (d) I will not export, re-export, or otherwise transfer the commodities, software or technology described in this application and supporting documents, whether the application is still under consideration or a license has been granted; and (e) if the license is granted, I will be strictly accountable for its use in accordance with the Export Administration Regulations and all the terms and conditions of the license. A number of the parts of this form include certifications based on a person's knowledge. As defined in Part 772 of the Export Administration Regulations, "knowledge" of a circumstance includes not only positive knowledge that the circumstance exists or is substantially certain to occur, but also an awareness of a high probability of its existence or future recurrence. Such awareness is inferred from evidence of the conscious disregard of facts known to a person and is also inferred from a person's willful avoidance of facts.					
25. SIGNATURE (of person submitting and executing this application) <i>Jane Albee</i>		NAME OF SIGNER Jane Albee		TITLE OF SIGNER Export Manager	
This license application and any license issued pursuant thereto are expressly subject to all rules and regulations of the Bureau of Export Administration. Making any false statement or concealing any material fact in connection with this application or attempting in any way the license issued is punishable by imprisonment or fine, or both, and by denial of export privileges under the Export Administration Act of 1979, as amended, and any other applicable Federal statutes. No license will be issued unless this form is completed and submitted in accordance with Export Administration Regulations.

(j) TECHNICAL DESCRIPTION Isotropic graphite, grade IL-22: bulk density-1.77 gm/cm3; average grain size -10 micrometers (see technical specifications enclosed)					
24. ADDITIONAL INFORMATION This application represents a reasonable quantity of graphite to be shipped during the validity period of this license.					
For all applications: I certify that to the best of my knowledge, all the information on this form is true and correct, and that it conforms to the instructions accompanying this form and the Export Administration Regulations. For license applications: I certify or agree, as appropriate that (a) to the best of my knowledge all statements in this application, including the description of the commodities, software or technology and their end-uses, and any documents submitted in support of this application are correct and complete and that they fully and accurately disclose all the terms of the order and other facts of the transaction; (b) I will retain records pertaining to this transaction and make them available as required by the Export Administration Regulations; (c) I will report promptly to the Bureau of Export Administration any material changes in the terms of the order or other facts or intentions of the transaction as reflected in this application and supporting documents, whether the application is still under consideration or a license has been granted; and (d) if the license is granted, I will be strictly accountable for its use in accordance with the Export Administration Regulations and all the terms and conditions of the license. A number of the parts of this form include certifications based on a person's knowledge. As defined in Part 772 of the Export Administration Regulations, "knowledge" of a circumstance includes not only positive knowledge that the circumstance exists or is substantially certain to occur, but also an awareness of a high probability of its existence or future occurrence. Such awareness is inferred from evidence of the conscious disregard of facts known to a person and is also inferred from a person's willful avoidance of facts.					
25. SIGNATURE (if person authorized to execute this application) David Goody		NAME OF SIGNER David Goody		TITLE OF SIGNER Purchasing Supervisor	
This license application and any license issued pursuant thereto are expressly subject to all rules and regulations of the Bureau of Export Administration. Making any false statement or concealing any material fact in connection with this application or altering in any way the license issued is punishable by imprisonment or fine, or both, and by denial of export privileges under the Export Administration Act of 1979, as amended, and any other applicable Federal statutes. No license will be issued unless this form is completed and submitted in accordance with Export Administration Regulations.
